Independent research

Complete a report on a topic that has been in the media.

My suggested topics:

- The 'productivity puzzle'
- Globalisation and equality
- 'Brexit'

Each report must contain a brief précis of the topic, and include a reference to recent news articles (at least two).

Think about the bias of your news articles – use reliable sources, and don't get them both from the same source.

Research and define key terms that you don't understand.
