

Important Rules

- Follow the instructions of your DT teacher.
- Do not use any tools, equipment or machinery that you have not been trained to use by a member of DT.
- You will not enter the DT rooms until asked to do so by a member of staff.
- Any broken equipment or tools must be reported to your teacher.
- Wear the appropriate PPE when working in the workshop.
- Have all of your equipment with you.
- Tidy your work area and the workshop at the end of lesson making sure all tools and equipment is returned to the proper place.

Tools and equipment you will be introduced to first

Behaving properly in the workshop keeps you and the people around you safe!

First machine that you will use: The Pillar Drill

General Rules

- Do not use unless a teacher has shown you how to and they are present
- Use proper safety equipment
- Use the Machine vice to hold your work

A machine vice is used to hold your work when you are drilling it so your hands are out of the way and the piece does not move around.
